THE SITUATION IN MEXICAN

SUSPENSION OF CONSTITUTIONAL GUARANTEES CREATES UNFAVORABLE IMPRESSION.

MAY CAUSE A RUPTURE

Will Be Dangerous to Shoot Americans Captured With the Revolutionists.

Washington, March 16.—The press dispatches announcing the posting of the law passed by the Mexican commission at the request of President Diaz, whereby insurgents taken in the act of rebellion may be shot with out trial by their captors, has caused a painful impression in Washington diplomatic and congressional circles.

American Spirit of Fairness is General.

It is pointed out that there exists among the masses of the American people a spirit of fairness toward Mexico that is reflected in the tendency among periodicals of all shades of politics to criticize the government for its martial demonstration on the border of a peaceful neighbor, without so far disclosing a sufficient cause for its actions, whereas fifteen to twenty years ago these great military preparations would have sent a jingo wave through the country that would have been almost irresistible.

Cannon-Groce Case in Nicaragua Recalled.

Diplomats say it will take the summary execution of but a single American captured with the insurgent troops to set the whole United States aflame with hatred and resentment, a frame of mind not existent in connection with the Mexican situation at present.

With the furore raised over the execution of Cannon and Groce by Zelaya in Nicaragua, following a court-martial trial, the enactment of a like tragedy in Mexico would bring a demand for a like procedure on the part of the United States against our Southern neighbor.

Might Bring Agitation for Interference.

It is contended that the bloodshed that would follow the rigid carrying out of the spirit of that law against Mexicans alone would shock the public sense to an extent that would start an agitation on the part of the people for interference to stop the execution of surrendered or captured combatants which the recently promulgated act authorizes.

Efforts Being Made to Influence Diaz.

It is learned at the State Department that already prominent men are at work to bring influences to bear on President Diaz not to permit the carrying out of the purposes of that act, in view of its effect on a public sentiment that so far has not permitted itself to become excited or bellicose over the situation, but rather inclines to demand fair play toward Mexico.

SPRING OPENING OF MODEL MILLINERY

Last evening the reported dropped around and took a look at the display of millinery that Mrs. Kenny has just put on exhibition at the Model. Her spring opening is in full blast, and the ladies of the town are showing a lively interest in the beautiful creations which she and Miss Martin have on display. All those lovely specimens of the milliner's art were enough to make the reporter wish he had a wife to buy a hat for.

FIRST WARD WILL ELECT ONE TRUSTEE

Some uncertainty exists in the minds of the citizens of the First ward concerning members of the school board, they being uncertain whether one member will be chosen at the coming election, or two. It will be remembered that with the exception of the First Ward last year's city primary went by default, in that ward Mr. Braley was nominated and will therefore hold for one more year so City Attorney Webb rules. Hence, two members will be elected from all the wards except the first.

LOVELY DISPLAY OF SPRING MILLINERY

One of the events of the season with the ladies of the town was Miss Birdie Roberts' millinery opening at the Grand Leader. Everything was displayed in a tasty manner that added much to the general effect of the display of the latest styles of hats. A good season is in prospect for Miss Roberts.

DURANT WANTS HATCHERY.

Puts in Bid for Institution for Culture of Fish.

Oklahoma City, Ok., March 16.—The city of Durant is after the fish hatchery provided for the eastern part of the state in the bill which passed both houses of the legislature and is now in the hands of the governor. State senator Hatchett, speaker of the house of representatives, W. A. Durant and Attorney Sprowles of Durant, are here urging the Bryan county capital for the site. The bill carries an appropriation of \$25,000 for the construction of the hatchery and an additional item of \$1,200 a year salary for a fish culturist.

Base Ball.

E. C. S. N. opens with Tishomingo March 24.

Grand stand will be ready by then, boys are building as fast as possible. New uniforms arrived yesterday. They are beautiful.

Bib crowd expected from Tishomingo the 24th.

Everybody come—don't fail. Opening game of the season.

IS HOUNSHELL A TRUE DEMOCRAT

Among other false reports circulated on Chief Hounshell is one to the effect that before coming to Ada he was a republican. The following personal letter from L. L. Poats, register of deeds of Hawkins county, Tennessee, disposes of the fairy story. Following is the letter:

Rogersville, Tenn., March 14, 1911.

Mr. J. T. Higgins, Ada, Okla.

Dear Sir: Yours of recent date to hand. In regard to Mr. R. N. Hounshell, will say I would have answered sooner but have been very busy, but will say Mr. Hounshell and myself were boys together and I never heard his democracy questioned. He was always in the minority here but always ready to do his part in every election. He is what we term here a straight fighting democrat, and always was from his boyhood up.

Yours truly,
L. L. POATS.

A Guaranteed Musical Comedy.

All that can be said about the show at the City Opera House tonight, is that it is moral and refined, and a guaranteed attraction. This company has been touring the principal cities of the South, playing to capacity business everywhere and comes here highly recommended. The opening play tonight will be *Casey's Reception and Vacation Time*, two Musical farce comedies, including forty-five minutes of vaudeville, acts selected for this occasion are some of the kind that has been touring the principal vaudeville circuits throughout the country and they will keep you in continual laughter from start to finish. Go and see the first act and if you are not satisfied or don't think you will be, go out to the box office and the treasurer will be pleased to refund your money. Prices for tonight and Saturday children 15c, Adults 25c. Reserved seats 50c. A special matinee will be given Saturday at 2:30 for the benefit of the ladies and children. Prices 10 and 20c.

SOMETIMES

TO GET A MESSAGE TO YOU IT HAS TO BE PUBLISHED TO "A WHOLE CITYFUL"

Thus one of Today's Want Ads may be as important to you as the most important letter in your mail

N

OT every personally-interesting or personally-important message comes to you by mail, by phone by telegraph or by personal interview. Some of the most important of all those intended for you may miss you altogether, if you are not a reader of the classified ads.

For the person who has something to say that will interest YOU more than anybody else on earth may not know you—nor have any means of finding you except through publishing his message to "a whole cityful," and trusting that THE MESSAGE ITSELF WILL FIND YOU.

If you will look at the want ads with that possibility in mind, THEY will—henceforth—take on a new significance for you!

After all has been said, Chief
Hounshell is not a man who has or
would use his office as an instru-
ment for gratifying his personal re-
venge or venting his spleen on some
fellow simply because he did not like
him. On the other hand, no man has
escaped the consequences of a viola-
tion of the law on account of personal
friendship.

In the general absorption of the
primary, it will not do to forget that
the Byrd's Mill water bond election
comes three days after the primary.
The primary will take place Tuesday
and the bond election one week from
today.

ST. PATRICK'S DAY.

This is St. Patrick's day, and on
every hand is seen the shamrock or
other green emblem, commemorating
the life of the good saint who con-
verted Ireland from paganism to
Christianity. With the exception of
Christmas, it is probable that St.
Patrick's day is the most univers-
ally observed in English speaking
countries of all days in the year. It
is fitting that this should be, for the
patron saint of Ireland was essen-
tially a man of peace and one who
loved his fellows. May his memory
continue green in the minds of the
race.

WHY NOT DEDICATE FOUNTAIN?

Now that the public fountain is in
place, it occurs to us that it is in
order for the W. C. T. U. to set a
date for dedicating it and arrange
a short program for the occasion.

The fountain is something to be
proud of and when the water is turned
into it, will prove a blessing to
man and beast. In this connection it
is well to mention the fact that J.
W. Hays was the largest contributor
to the enterprise. A. L. Beck was
next and A. J. Mossman put it in
place free of cost to the ladies, a
piece of work that was worth \$20 or
\$30.

Block Clubs.

Why not organize Block Clubs in
Ada?

"Why don't they keep the streets
a little cleaner?"
You ask with deep annoyance, but
undue.

"Why don't they keep the yards a
little greener?"
Did you ever stop to think that
"they" means "you."

This play is suggested for the
cleaning and beautifying of the city.
Did you ever hear of them?

Let the residents of the block meet
at some convenient time and place,
and discuss ways and means of beau-
tifying the block in which they live;
whether they own the property or
not, it is the duty of all to keep
clean. If the block is thickly set-
tled, it may be well to appoint a
leader and two or three assistants,
and let them be responsible for its
appearance; if the tenants have no
time to look after this, have them
do it. If there are any boys in the
block, pay them a bit and have them
do the work Saturdays and after
school. Let Ada be one in this block-
system clean up. If there is a vacant
lot nearby, half fenced, and that
shaggy, have the owner tear it all
away and keep the weeds cut and if
he does not his name will be publish-
ed. That trash pile in the very front of
your house, that has been lying there
in sweet repose since the first dawn
of spring—are you going to have it
carted away? We have passed it so
often we can name everything in it.
That garbage in your back yard
should be taken away, and there
should be a lavish use of lime in all
parts of the city, and especially in
all back yards. Don't wait for the
authorities to notify you or your
neighbors to lead off. Clean up and
lime up at once; start the good work
and keep it going until every vestige
of refuse is consumed and the at-
mosphere is purified.

This system should not apply only
to the residence blocks, but to the
down town property. A street in-
spector should be appointed (a wo-
man might serve well), who would
declare war on parties who block
street and side walk with their wares.
This would be a pleasing innovation.
Why should the sidewalks of Ada
be blocked with sacks of bran, flour,
barrels of half-decaying vegetables
and case after case of fruit catch-
ing all the vile street dust, box after
box of field, garden and flower seed,
piles of pumpkins and squashes that
sometimes take a tumble and trip
one? Why I have seen two-thirds of
a stock of goods on the front pave-
ment. Patronize the papers with a
neat little ad and there will be no
use of a street show.

Tear down those unsightly adver-
tising bills—Bath-Ax, Dr. Price's
Baking Powder, Velve and others too
numerous to mention. Give them a
good bath with Pearline. Fix up your
shop window. Keep the pavement in
front of your store swept. Short skirts
are in evidence now, and the long,
sweeping ones of old will no more
answer the sweeping purpose.
Then let us park the streets and

set out trees. This will create an
interest and not only lend charm to
sightfulness, but also health and
cleanliness.

Let us work to gether to make Ada
a beautiful little city.

MRS. U. G. W.

Arbor Day.

Prof. Briles, president of the Nor-
mal, has just finished beautifying
the Normal grounds by planting out
trees and flowers.

Professor says every child should
be taught the doctrine of planting
trees and flowers.

The idea is one that might be profit-
ably adopted in every city and
town. Trees, grass and flowers are
the three great beautifiers of a city,
and grass and flowers are far less
permanent as beauty givers than are
trees. Professor says if every school
child could be taught the doctrine of
civic cleanliness and civic beauty
it would be only a very short time
before the fathers and mothers would
be interested in making the city
beautiful as well as the city great,
and a city can be a progressive com-
mercial city and still be an unlovely
place in which to make a home and
rear a family.

There is no reason why beauty
and growth and commercial progress
should not go hand in hand. Teach
the children to love flowers and
grass and well kept streets and
lawns teach them to respect their
neighbors' efforts to help along the
city beautiful and to refrain from
trespassing upon their neighbor's
rights. Teach them to plant flowers
and trees intelligently and to safe-
guard especially the trees after they
are planted.

If every family would make it a
rule to celebrate special anniversar-
ies and great family events by plant-
ing a tree the idea would be beauti-
fully poetic and productive of great
civic good. Prof. Briles' hobby is
cleanliness and beautifying and noth-
ing is too good for his students.

T. O. CULLINS.

CEMENT MILL AND ADA WATER SUPPLY

The late limited water supply has
not only resulted in much incon-
venience to the people in the homes
of the city, but has enforced a finan-
cial loss to the cement plant and
many of its employees; for the inde-
pendent Lawrence water supply of
the cement company only affords
about 50,000 gallons a day when the
requirements for satisfaction are
about 100,000 gallons. In addition to
the consumption of the capacity of
the company's artesian well, it is
gradually drawing from its reservoir
which when exhausted will further
reduce the manufacturing capacity of
the cement mill in its different de-
partments.

It is not improbable that the pres-
ent force of the plant will be tem-
porarily further reduced before the
coming in of the Byrd's Mill supply,
which cannot well be earlier than
well into the summer.

Uresident Beck, while deploring
the situation as to water, remains in
a fine humor and is not indulging
in any unpleasantness of what
"might have been."

President Beck, while deploring
ey may reach Ada by April first and
feels confident with the cash, piping
and other necessary apparatus may
be readily secured and that the work
could, under proper management be
completed in sixty days, and the wa-
ter proposition be for ever satisfac-
torily settled for Ada.

Good for Hugh Grady.

Hugh Grady, one of the real pio-
neer citizens of Ada, struck it rich
Tuesday, when there appeared at his
home, corner of Third and Johnston
streets a fine boy.

Otis Weaver of the News used to
work for Hugh when he was house
moving foreman and he is glad to
hear of his former boss' good for-
tune. Both mother and child are do-
ing well.

NEGROES GIVEN PRELIMINARY HEARING

The preliminary hearing of Lee
Garmany, the negro charged with
murdering Lizzie Smith Tuesday
evening, was begun this morning and
a number of witnesses put on the
stand by the state. Nothing not al-
ready known was brought out by this
hearing. On request of the defense
Justice Harris postponed the re-
mainder of the hearing until tomor-
row morning. At that time the de-
fense will put its witnesses on the
stand and a determination of the case
made.

Rough Riders Enter Denial.

Guthrie, Okla., March 16.—The of-
ficial records here of the Roosevelt
Rough Riders' association show be-
yond a doubt that Newt Stanley of
Henrietta, now in command of a
department of the insurgent army in
Mexico, was not a Roosevelt Rough
Rider during the Cuban war as press
reports indicate. He may have been
one of Grigsby's rough riders, an-
other organization entirely. Local
rough riders are quick to deny that
Stanley was one of them.

Ladies.

Our demonstrator for the celebra-
ted Velvetina Toilet Preparations will
be at the Model Millinery store on
East Main street this afternoon and
tomorrow. Call and see her. She will
teach you how to become beautiful.

LEON FRIES FOUND GUILTY OF MURDER

Norman, Okla., March 16.—Leon
Fries is guilty of murder. After a de-
liberation of eleven hours the jury
in the case returned a verdict Thurs-
day morning finding him guilty of
killing Artie Rose, an Oklahoma City
chauffeur. The verdict carried no pen-
alty, the jury leaving that to Judge
McMillan with a recommendation of
mercy.

The trial was concluded at 11
o'clock Wednesday night and the
case went to the jury then. At 10
o'clock Thursday morning the ver-
dict was brought in. Judge McMil-
lan announced that he would pro-
nounce sentence on Saturday.

Instructions Brief.

Before the jury retired last night
they received brief instructions from
Judge McMillan who dealt with the
principles of the law governing the
case. If they had a reasonable doubt
as to the defendant's sanity the jury
was instructed to return a verdict
for acquittal. During the giving of
the instructions and the arguments
of the case the defendant sat calm
and was apparently uninterested in
the proceedings. When the verdict
was read this morning he grew pale
but said nothing.

Insanity was the plea of the de-
fense. Attorney Twyford made a fifty
minute plea in behalf of his client,
reviewing the evidence supporting
the insanity plea.

The case has been one of the most
interesting in the history of the coun-
ty. No time was lost in securing a
jury and the taking of testimony oc-
cupied only a day and a half. The
arguments were brief.

THE MAKING OF A CITY

PREACHER THINKS CHURCH IS INTERESTED IN REORGANIZA- TION AND LARGER SUCCESS OF ADA COMMERCIAL CLUB.

In the morning sermon at the First
Methodist church next Sunday, Rev.
E. M. Sweet, Jr., the pastor, will feel
of the bumps on Ada's head and tell
how she may find a successful car-
cer—or how she may fail in life.
The preacher is interested in the re-
organization and larger activity of
Ada's Commercial Club, and will
show how the prosperity of the King-
dom of Heaven is involved in the
proposition of Ada's Business Men's
bringing things to pass.

Did you know these things are in
the Bible? Come and see. "The Mak-
ing of a City," is the subject; 11
o'clock is the hour. Be on time.

The Gospel of Good Roads.

The link between the prosperity
of city and country is good roads.
How much thought and money are
being spent on this huge subject in
this day of automobiles! A good road
too, multiplies the value of a good
mule—sometimes makes a poor mule
a fat mule. There is a moral side to
this great question, the preacher
thinks, and in the evening he will
preach on the subject, "Good Roads
for Mules and Men," and will illus-
trate the sermon with 75 or 100 ster-
eoscopic views, some of them from
photos taken by the preacher at night
in a large city.

Man of the World, why don't you
go to church? Out of the habit? Why?
Every church in Ada would welcome
you Sunday. Not a service will be
held but will benefit you if you are
there; you will say so if you go.
Go to the Church of your choice—or
to the Church your mother attended.
If you have no other preference, you
are cordially invited to the First
Methodist Church, corner Fourteenth
and Townsend. Preaching services at
11 a. m. and 7:30 p. m. Sunday
school at 9:45 a. m. Junior Epworth
League at 2:30; Senior at 6:45 p. m.

Marvelous as it may seem, Rexall
"93" Hair Tonic has grown hair on
heads that were once bald. Of course,
in none of these cases were the hair
roots dead, nor had the scalp taken
on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scien-
tifically, destroying the germs which
are usually responsible for baldness.
It penetrates to the roots of the hair,
stimulating and nourishing them. It
is a most pleasant toilet necessity, is
delicately perfumed, and will not gum
or permanently stain the hair.

We want you to get a bottle of
Rexall "93" Hair Tonic and use it
as directed. If it does not relieve
scalp irritation, remove dandruff, pre-
vent the hair from falling out and
promote an increased growth of hair,
and in every way give entire satis-
faction, simply come back and tell
us, and without question or formal-
ity we will hand back to you every
penny you paid us for it. Two sizes,
50c and \$1.00. Sold only at our store

HAND OF BRYAN IN HOUSE AFFAIRS

HOUSE URGED TO DEFEAT FITZGERALD AND RYAN.

Nebraskan Confers With James of Ways and Means Committee. Fight Waxen Warm.

Washington, March 15.—Since William Jennings Bryan's visit to the capital this week there are persistent and fairly well authenticated reports that he spurred onward those house democrats who are opposing the selections of Representative John J. Fitzgerald of Brooklyn as chairman of the Appropriations committee and former Representative W. H. Ryan of Buffalo as Sergeant at Arms of the new house. Both men are being backed by Charles W. Murphy, leader of Tammany Hall, and for this reason Mr. Bryan is said to feel that the democrats should not signalize their coming into power by giving high place to Fitzgerald and Ryan. If the reports of Mr. Bryan's attitude are true, Fitzgerald and Ryan are facing grave danger of defeat. The Nebraskan called into conference Representative Ollie James, a member of the Ways and Means Committee, which will pass on Fitzgerald, and one of the democratic leaders understood to be opposing the Brooklyn man. It is learned that Mr. Bryan and Mr. James discussed Mr. Burleson's candidacy against Fitzgerald and agreed that Fitzgerald must not succeed if it can be avoided. Should Mr. James fail to defeat Fitzgerald in the Ways and Means Committee it is likely that he will carry the fight to the democratic caucus April 1. The caucus is to be the court of last resort, all the committee selections made by the Ways and Means body being tentative. If Mr. Fitzgerald is sidetracked by the Ways and Means committee or by the caucus, the New Yorker intends to marshal his followers against Mr. Burleson and force the selection of Representative Shelley of Kentucky, who, while not a Tammany man, would still not be unsatisfactory to Champ Clark.

TWO FAMOUS KENTUCKIANS

How Harlan Banged Away at Lurton Fifty Years Ago.

Morgan, the raider, along about 1863, swooped down upon the federal garrison at Hartsville, Tenn. Morgan had only about 1,200 men, while the Union forces numbered about 2,000. Still, Morgan usually knew what he was about—result. Several hundred federals killed and the rest captured. As soon as the battle was over the Confederates recrossed the Cumberland river. Among the rear guard was Private Lurton, of the Third Kentucky cavalry. He was the last man to recross the river, and just ahead of him was the last Confederate wagon, loaded with federal muskets and other captured articles. In the meantime the sound of Morgan's guns had disturbed the slumbers of another Kentuckian. This one was a Union soldier, Harlan by name, and he was colonel of the Tenth Kentucky infantry at Castalion Springs, six miles from Hartsville. He immediately started with his regiment to the relief of the garrison at Hartsville. Harlan and his regiment reached the top of a bluff back from the river just as Lurton and the last wagon of the Confederates was in the middle of the Cumberland. Harlan had a field piece along, and he pointed it at the Confederate cavalryman and banged away. He didn't hit the cavalryman, so he tried again and kept trying. Nevertheless, Harlan's shells hit the river in the immediate vicinity of cavalryman and wagons, and they made a mighty splash. The driver cut loose his mules and made record time to the shore. If Lurton tarried there is no record of it. Today, in black robes, the colonel behind the cannon and the private on the horse sit side by side on the bench of the most august tribunal of the world. For the federal was John Marshall Harlan and the Confederate was Horace Harmon Lurton—and both are associate justices of the supreme court of the United States of America. This United States of ours is a great country—and it is just such things as this Harlan-Lurton affair that make us sure of it. When one of these Kentuckians banged away at the other our country was in the throes of the fiercest and bloodiest civil war of all history. And that was just about half a century ago. In these fifty years we have grown to be the wealthiest and most powerful nation of earth. But, better still, we have outgrown the things that set Union soldier against Confederate until the presence of these two fighting men of the civil war side by side upon the supreme court bench is truly typical of a sectional strife for gotten and a country reunited. It takes a great country and a great people to make such things not only possible but actual realities.—Chicago Inter Ocean.

LETTER TO BOY

CORN GROWERS

Washington, March 17, 1911. To the Boys of Oklahoma: You are expected to bring great distinction to your state this year. You have a great opportunity and I believe you are going to raise to the occasion. The prizes offered to you by Senators Owen and Gore, as well as those offered by citizens in the various counties, show the interest your leading men have in you and your work.

Allow me to call your attention to the prize of One Thousand Dollars in gold given by Senator Robert L. Owen. As a rule prizes have gone to one or two boys in each club who stood highest, but this offer is different. You will have the chance to honor your club, your county, and your state, as well as yourself. Senator Owen will give \$1000 in gold as follows: \$500 to the County Club which makes the best record with forty boys; \$500 to the Club which comes second, and \$200 to the Club which comes third. There may be more than forty boys in a County Club, but when it comes to the time to select the team to represent the county in the contest with other counties, only forty with the best records will be chosen. You can see how every boy in the distinguished group of forty will get a fine prize as his share of the gold. Furthermore, this office will design and furnish a beautiful badge for every boy in the prize winning forties. Each group of forty will be subdivided into four classes, 1st, 2nd, 3d and 4th and the awards apportioned to each.

As you already know, Senator Gore offers his prize trip to Washington again. Every member of our corn clubs in Oklahoma has the opportunity to work for this wonderful trip. Now you may be anxious to know what you must do. In the first place be sure that you are a member of a County Corn Club. If there is no Club in your County, ask your county superintendent of education to organize one. The business men will offer more prizes and the teachers will help. Our agents will advise you and talk to your meetings whenever they can. Give your name and address to your teacher with the request that it be sent to the county superintendent of education, or to the county organizers of the Club. When the names and addresses are sent to this office we shall send circulars and bulletins from time to time throughout the year, giving suggestions on seed selection, preparation, fertilization, and cultivation. Prepare your acre of land if you have not already done so, because the time is short and all lines of work must be rushed.

You will be judged this fall on four points in connection with your crop, viz., Yield30 per cent Showing of profit.....30 per cent Best ten ears20 per cent History of crop.....20 per cent Total100 per cent

It will be necessary to keep an accurate account and a careful record of all expenses and work. We shall send circulars and report forms giving suggestions. You want to make a large yield, but you must be economical, and do such profitable farming that it will demonstrate to all of your neighbors that large crops can be made at small cost. You will need to get good seed which has made large crops in Oklahoma or nearby. In the fall select your best ears from the best stalks in the field for exhibit and for seed. It is very important for you to study the circulars and bulletins and study the corn, the soil and other conditions, so that you can write a history of your crop in simple clear language, showing that you have learned some important principles of good farming.

Get busy and show what kind of stuff you boys are made of. We stand ready to advise and aid you in every way possible. Very truly yours, S. A. KNAPP, Special Agent in Charge.
